India Equity Derivative Fund (Cayman) Limited is an exempted company incorporated with limited liability in the Cayman Islands as an open-ended investment vehicle (the "Fund"). The Fund is organised as a feeder fund and substantially all of the Fund's assets are invested in India Equity Derivative Master Fund (Cayman) Limited, an exempted company incorporated with limited liability in the Cayman Islands (the "Master Fund"). The Master Fund was formed for the purpose of generating long-term capital growth principally by taking exposure to companies established in or operating in India via equity and equity-linked derivatives, instruments and structured investments. The Fund's minimum investment amount is \$1,000,000, although the Fund has discretion to accept lesser amounts. The interests will be continuously offered in the sole discretion of the Fund. Although there is no maximum aggregate amount of shares which may be sold in this continuous offering, we have inserted the figure of \$200,000,000 in Part C(1) of Form D as a reasonable estimate of the aggregate offering price of such shares.
